JAPS CLOSING IN

On the Doomed City of Port Arthur

SEVASTOPOL WAS BADLY DAMAGED

China May Become Embroiled in the War. Infantry Assault on Port Arthur

JAPANESE MAKING PROGRESS.

Chefoo, August 24.—A junk which left Liao Ti promontory on the night of August 21st, has just arrived here.

It reports that the Japanese succeeded in occupying Anteshang fort as well as another fort, probably Elshan, about a mile southwest of Anteshang. They have driven the Russians from the parade grounds which lie about two miles north of the harbor. They have destroyed two forts at Chao Chanko, which is within the eastern fortifications, and have advanced a point near Chao Chang. It was announced from Chefoo Monday that the Japanese had swept the Russians from Pigeon Bay and captured the northernmost fort of the western line of the inner defences at Port Arthur.

POSITION OF CAPTURED FORTS.

Elshan fort is due east of the northern part of Pigeon Bay and may be regarded as the northern fort of the western line of the inner defences, though Anteshang fort, about one mile northeast of Elshan might also be classed as the northernmost fort of the western line of the inner defences at Port Arthur.

RUSSIAN BATTLESHIP STRIKES A MINE.

Tokio, August 24.—Admiral Kataoki reports that as the Russian battleship Sevastopol was emerging from Port Arthur yesterday, she struck a mine after which she listed to starboard. She was towed back into the harbor.

HOW THE NOVIK WAS DEFEATED.

Tokio, August 24.—The Japanese protected cruiser Tsushima alone defeated the Russian cruiser Novik. The first engagement occurred Saturday, August 20th, and the Japanese protected cruiser Chitose finished the destruction of the Russian ship on Sunday.

SEVASTOPOL BADLY DAMAGED.

Winnipeg, August 24.—A telegram from Tokio to the Japanese legation says the Russian battleship Sevastopol, was bombarding the Japanese position from outside the harbor at Port Arthur when she struck a mine.

Besides a list to starboard, the battleship's bows were submerged.

CHINA MAY BECOME EMBROILED.

St. Petersburg, August 24.—The Noviski today says, Continued violation of neutrality laws in the Chinese ports by the Japanese will compel Russia to regard the Chinese empire, or at least a part thereof, as being within the sphere of active hostilities. China lacks the power or the inclination to prevent Japanese incursions. The warships of neutral powers shy watch these violations. Therefore the agreement as to China's neutrality, made at the beginning of the war becomes a dead letter and Russia must ignore it in self defence.

INFANTRY ASSAULT ON PORT ARTHUR.

Tokio, August 25.—The final assault on Port Arthur is imminent. Hundreds of Japanese guns continue to pour a destructive fire into the city and harbor, along the lines of the forts and entrenchments, preparatory for an infantry assault. It is evident that the Russians lines have been weakened and partly penetrated in the vicinity of Anteshan and Itzshan forts. The entire line of Russian defences immediately about the harbor is within range of the Japanese guns. A number of Russian forts and batteries continue to be vigorous. The Japanese death roll will be heavily increased before Port Arthur is captured.

STONY PLAIN CROPS

John Kelly, of Kelly and Beals, returned last night from an eight days' trip through the Stony Plain and White Whale Lake settlements. Everywhere the crops are splendid. At Stony Plain Centre nearly all the barley is cut and in stock, and wheat is being cut as fast as possible. Jacob Leitzenberg, of Stony Plain, who had about fifty-five acres of wheat, has it all cut, as has also Mr. Long, of Spruce Grove, who has about fifty acres. With a continuance of the present delightful weather for about ten days, almost every field of crop in these two districts will be ready for the binder and a great proportion of the crop will be cut. Oats are coloring nicely. Barley is an excessive-

ly heavy crop, the best Mr. Kelly has seen in the country. Root crops and potatoes bid fair to produce magnificent returns. A pleasing feature of the harvest throughout the Edmonton district this year is that although the grain is somewhat lighter or than in previous years, every acre of it is standing up well, is absolutely free of rust, etc., and will produce a splendid sample. The oat crop is particularly heavy and the heads are well filled out. Wheat is a fine crop. Mr. Kelly estimates that on the whole the yield will be a little less than in previous years, but that the much finer sample will much more than counterbalance any shortage in the crop. The prospects are good for the entire crop being saved in splendid shape.

Revillon Bros. were demonstrating Majestic ranges last week. They had a Chinaman making bus suits and coffee. John found fault with the various brands of condensed milk tried until "St. Mary's" brand was selected. expressed himself as entirely satisfied.

C. O. FORESTERS

A meeting of Court, Edmonton, Canadian Order of Foresters, will be held in W. H. Hooper Company's office at 8.30 o'clock on Friday evening, Aug. 26th. Card members are specially requested to attend this meeting and bring clearance cards.

SPLENDID CROPS

Crops in the Turnip Lake and St. Albert districts are looking splendid. The last few weeks of bright hot weather have brought the grains on very quickly, and fields that a few weeks ago looked as though they would only produce a light yield now make a splendid showing. In every direction, and with scarcely the exception of a single field, the crops are the best that have been grown in the past few years. Wheat and barley are especially good crops, and are well advanced. In places considerable barley and wheat is in stock. Oats are rapidly turning color. The crops just outside St. Albert are probably a few days later than much of the grain in the Turnip Lake district. In some localities where the grain is not quite ready for the binder the farmers are still busy putting up hay.

GERMAN DELEGATES

C. W. Suttler, Dominion Immigration Agent, Edmonton, returned on Monday evening from Calgary, where he went to meet Drs. Fraugot, Sternberg and Kupfer, envoys sent out by the German Government to ascertain the advantages offered by Canada as a field for immigration. The delegates travelled over a large part of the country immediately adjoining the main line of the Canadian Pacific Railway. They have visited the German colonies in these districts, and are greatly pleased with their highly prosperous condition.

The envoys themselves have nothing whatever to do with immigration, devoting their attention principally to ascertain how the German colonists regard Western Canada. Germany has maintained severe restrictions on immigration to this country, and it is with the end in view of ameliorating some of these restrictions that these envoys are at present in Canada.

Although they had desired to come to Northern Alberta, the length of time at their disposal did not permit of it. They came only as far north as Red Deer, and expressed themselves as delighted with what they saw of Alberta.

HEART AND SWORD

Mr. Harold Nelson, well known to Edmonton theatre-goers, will again tour the west next fall under the direction of Mgr. Walker, of W. A. Taylor. He will present Heart and Sword. The Winnipeg Free Press, Golden, B.C., and other papers are now following to say how well the production was seen to be covered by the press. Mr. Nelson says that the production is a serious problem for the company.

Mr. Harold Nelson will appear in Heart and Sword at the Winnipeg Theatre early in September. This is the romantic comedy in which Mr. Walker Whitehead starred for two seasons. It is a cleverly constructed play, and Mr. C. P. Walker has given it a magnificent production—scenery, costumes and light effects being particularly beautiful. The role of Prince Victor is one in which Mr. Nelson is sure to score a hit, as it is just suited to him.

Mr. Nelson is now playing a preliminary season, having opened at Owen Sound, Ont., to a capacity audience. His second regular season under Mr. Walker's management will begin on August 22, when Mr. Nelson will open the new theatre at Fort William.

On his Western Tour, which includes all the principal cities between Winnipeg and Kamloops, Mr. Nelson will present Heart and Sword exclusively, reserving his other play and production for the return trip.

Clifford Lane Bruce, who made such an excellent impression as leading man with Mr. Nelson last season, has been retained; also Miss Helene Scott, William Blake, and William Garette. The new members of the company are capable, and add much to the strength of the company.

FOR THE FAR NORTH

A party of three traders in the employ of Bredin and Cornwall, left yesterday for the far north. E. C. Roberts, who has lately become a partner in the firm of Bredin and Cornwall, will be stationed at Pine river pass. N. St. L. Carter will be in charge of the post at Hay river, which is near the Liard. R. W. Soussins will trade at St. John's, B.C. All the members of the party expect to be away about two years.

HARVEST FESTIVAL

A grand harvest festival social will be held at the Poplar Lake school house on the evening of September 23rd in aid of the funds of the Little Mountain Cemetery. Ladies and gentlemen from Edmonton and Fort Saskatchewan have already promised their assistance on the program. Mr. Frank Oliver, M.P., has also kindly consented to take the chair. Full particulars will be announced later.

FIRE BRIGADE CONCERT

The Edmonton Fire Brigade have decided to hold a concert in Robertson's Hall on the evening of Monday, September 5th, Labor Day. Committees have been appointed and are now at work making arrangements for a first class concert. The talent will be entirely local, and all the proceeds will be devoted to a benefit fund for the Fire Brigade. Further announcements will be made later, and it is expected that a very large turnout will greet the firemen at their banquet and thus swell the benefit fund.

More Elevators

The wheat raising industry in the Territories is marked by a vigorous policy of elevator building in the wide and ever-increasing area which is under cultivation. When the 1901 season had closed, the capacity for storage was 2,436,080 bushels, divided between 88 elevators and 21 warehouses. The next season there were 111 elevators doing business and 18 warehouses, with an aggregate capacity of 3,154,000 bushels. Last season the storage capacity in the Territories had increased to 5,105,000 bushels, there being 186 elevators, with a revival of the construction of the warehouses, bringing their number up to 23. The estimate for the 1904 season places the storage capacity in the Territories at 8,000,000 bushels.

W. A. Taylor, Manitoba Crops and Prices Commercial, August 20th.

The bright warm days have been most opportune. Country merchants are men upon whose correct estimate of the situation the success of their business largely depends. Especially after a disappointing crop experience last year are they unlikely to pledge themselves to too rosy an estimate of this season's yield. And these keen observers, from all parts, are unanimous in the statement that wheat is now too far advanced, thanks to favorable weather, to be affected to any serious extent, even if considerable rust should develop. Cutting is now going on in many sections. In a few days, perhaps, or a week, it will be general.

During the week the wheat market has continued strong. The result is to be seen by transactions going on in the country. In places where cutting is in progress and farmers are pretty certain of being able to market grain of first-class grade, contracts for October delivery are reliably reported at 93 to 92¢ per bus. This confirms what has been previously pointed out in these columns, to the effect that the farmer would this year receive in the neighborhood of cents or more of an advance on his wheat compared with last season's range of prices. In the aggregate this must mean an enormous sum, about \$13,000,000, on a very conservative estimate of the crop. The prospects are that the yield will be much larger.

Ross Bros.

Ltd.

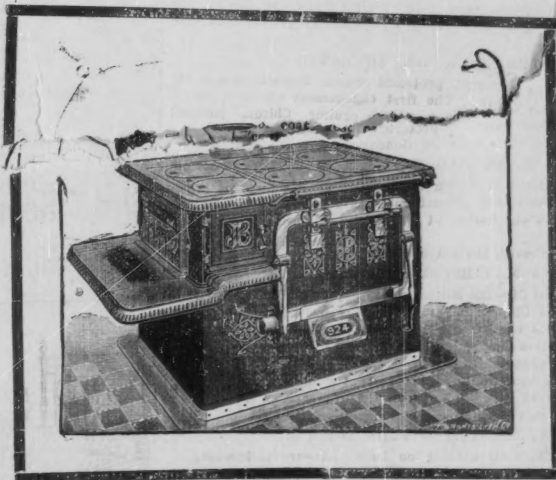

Just a Few Words About

Stoves and Ranges

ROSS BROS., Limited would like to call the attention of the public in general to their stock of Steel and Cast Ranges. These Ranges are selected from among the best makers on the Continent and every stove they sell is fully

Guaranteed

Further than this, there is no Stove or Range made that will not in time require to have some parts renewed no matter what dealers may say to the contrary and when such parts are to be renewed you would like to get them without any unnecessary delay or trouble. If you buy from your local dealers you will have their best attention not only in respect to any guarantee they may give but also in any parts you may want in the future.

Now Ross Bros., Limited are close in touch with what is wanted in this country and their stock of stoves and ranges are not only up-to-date but are selected with a special view to what is most needed here. Their prices are much below that of some prices being asked for other Steel Ranges and you will know where to find them when you want special parts when your stove has in time become an old one.

Ross Bros.,
Limited.

INTERESTING ITEMS

Clipped from Our Exchanges. Matters Occupying the Attention of Other Western Towns

Work has been commenced on the new C. P. R. stock yards at Moose Jaw, which are located just south of the track at the western limits of the city. When completed the yards will be one of the finest in the west and will have accommodation for 1,800 head of cattle. The cost will be over \$25,000.

The strength of Methodism in Canada is shown by the statistical report for 1904 just issued by Mr. George H. Cornish, General conference statistician. The increase in the membership of the Canada conferences for the past year was 3,436; for the year 1903 it was 4,542; making a total for the first half of the present quadrennium, 7,978. The total membership is now 299,873. The largest increase in membership was in the Manitoba and Northwest conference, 1,372; Toronto conference, was second with 729.

Free Lance: Another industry which might become immensely profitable in Innisfail is condensed milk. We are informed that an eastern capitalist is willing to establish a condensing factory in the West, provided that local parties will invest a limited amount. To begin with would require the milk of about 200 cows. Some twenty hands would find employment, and there is every reason to believe that such a factory would largely increase the wealth of the district. With the creamery producing several thousand pounds of butter monthly and a factory turning out large quantities of condensed milk, Innisfail should experience a lasting boom in every way.

The trustees of the rural school district of Wolseley are calling for tenders for the conveyance of the children of that school to and from the Balduf intermediate school. They are providing a suitable vehicle for the purpose. This is the first step towards centralization of the schools in the West and no doubt the issue will be watched with considerable interest.

The Regina Normal School opened from the number of applications already in the attendance at this year's Normal will be close up to the 100 mark and would be still larger if accommodation could be provided at the school.

Reporter: A sad accident occurred at Lamoureux on August 10th, which resulted in the death of Mr. Hugh Kelly. Mr. Kelly attempted to move a hay rack from the stand on which it had been placed to his wagon, and the pole which he was using for a lever slipped, allowing Mr. Kelly to fall on his face. The heavy rack after swaying for a moment or two, fell on top of him, crushing him to the ground. The heavy cross bar struck him on the neck and shoulders, breaking his back. Mr. Kelly was an Irish American who came to this country a couple of years ago with a party from Minnesota and rented the farm of Mr. Dorais, at Lamoureux. He took up a farm in the Sturgeon valley and intended moving out there in the fall. Mr. Kelly leaves a wife and two children. Mrs. Kelly is a sister of Mr. Connelly, of Astleyville.

Plaintiff: Yesterday afternoon the preliminary hearing of the charge against John G. Scott for attempt to murder the infant child of Mrs. Wm. Gilbert was completed by the magistrates' court, and the accused was committed to stand trial at the next sitting of the District court.

The evidence taken yesterday was chiefly that of Mrs. G. Gilbert, the mother

that she came to this place from England on April 10th with her husband and children. Her husband went away to work, and she went to keep house for Mr. Scott, taking her two children with her. Her older child took sick on July 29th and died. On the Saturday evening when the child Percy was injured she missed him from the house and going in search, found him asleep in the stable. Mrs. Parsons was in the house when she returned. Had not noticed the bruises on the child until she got back to the house. There was one on the face and one on the ear; did not look at his throat or examine him carefully at the time. Afterward noticed a clot of blood in the ear.

After this witness had been heard and the counsel for both the prosecution and defence had summed up the evidence in addresses to the court, the magistrates committed the accused for trial, granting bail in the same amount as previously.

Owing to inability to secure steel for their proposed new grain storage tank, at Stratheona, the Brackman-Ker Milling company have been compelled to postpone its erection until next summer. The necessary brick, however, will be secured this fall and placed on the ground ready for operation in the spring.

Messrs. R. W. Armstrong, of Edmonton and Robert Easton of Clover Bar, have started a nursery for the production of ornamental trees and shrubs and small fruit bushes. Mr. Easton laid the roots of the business three years ago, hence the firm will be ready this fall and next spring to fill orders quite extensively.

Wetaskiwin Post: According to latest advice we have received from the country, survey parties of the Grand Trunk Pacific are now at the south end of Bittern Lake, running a line through to the Pipestone, and from thence direct to Wetaskiwin. They state that an attempt has been made to run a line through to the north, by the old Mackenzie survey, but that it was not practicable, being too boggy. Now the party is making a careful survey with Wetaskiwin as an objective point.

British Colonists

Telegram: It is estimated that at least 3,000 immigrants from the Old Country will settle in the district around the Britannia Colony during the present year, said John Wilkinson, of London, Eng., at the Marlagg smoking room yesterday evening.

The accounts forwarded to their friends in England by the Colonists have been so favorable that hundreds of young fellows are applying to the Canadian office at Charing Cross, London, as to the conditions of settlement.

Not only is a free grant of 160 acres obtainable, but a town lot of 40 by 130 is being given to the settlers so that a man can build a town residence for the winter months.

Good Times Settlers

There is no doubt the colonists had a bad time at first, and their experience suggested a number who returned home, but they have since made good, and with true English pluck have settled down to work. One good point is that the class of men coming out have a little capital with which to buy stock and machinery.

Mr. Wilkinson himself has been attracted by the accounts of a friend of his. He has undergone a course at the Agricultural College in Swanley, Kent, and has a capital of about \$1,500. He intends to leave to-day for Battleford, and will take up land if he likes the look of it. If not, he proposes to homestead in the Alberta district, and he expects to get up a frame house and break half of his land before the winter.

Winnipeg Like Brixton

I could not do much with \$1,500 in the Old Country, said Mr. Wilkinson,

but I expect to make a fortune out here with that amount of capital.

As to Winnipeg, I suppose you people who have been out here for a time don't think about it, but I can assure you that I never expected to see anything like it. I always thought of Winnipeg as a small place with the English country cottage style of buildings. To-night in Main street, before I took refuge from the shower I wondered if I was not back in Brixton just after the shops had closed.

Railway Commission at Prince Albert

Times: The Government Railway Commission consisting of Hon. A. G. Blair and Hon. Dr. Mills held sittings in the town hall on Saturday last, having arrived here on Friday evening.

Thos. Kay, M.L.A., addressed the Commissioners in behalf of the Grain Growers Association and submitted for their consideration exhaustive figures showing the discrimination in freight rates on grain.

Hon. Judge McGuire, as representative of the Board of Trade, delivered a trenchant address dealing with the whole wide discrimination which exists in freight rates on all lines of merchandise against this point. The Judge supported his arguments with an imposing battery of figures.

Mr. Nanton followed Judge McGuire, and on behalf of the railway company replied to the arguments of Mr. Mc Kay and Judge McGuire, and claimed these changes were necessary to pay expenses.

A delegation from Battleford was present, and asked the commission to see into, and if possible, change the crossing of the river near that point by the C.N.R. It was claimed that if the present crossing were persisted in the effect would be very injurious to the welfare and future status of the town of Battleford.

H. LECLERC, PROP.

The G. T. P.

Visit of Official Party

TO SPEND A DAY AT EDMONTON

Arrive at Noon To-day and Leave at Noon To-morrow
Will be Entertained by the Town and Board of Trade.

The special train of five coaches bearing the directors and officers of the new Grand Trunk Pacific company at present touring the west, arrived in Strathcona station at noon today. They were met by Mayor Short and F. Oliver, M.P., on behalf of Edmonton, and by Mayor McKenzie and A. C. Rutherford, M.L.A., and members of the council on behalf of Strathcona.

The Canadian Northern engine was then attached and the special train brought to Edmonton, where visitors were met by R. Secord, M.L.A., T. Bellamy, J. A. McDougall and other members of the board of trade and city council.

The party will leave Strathcona tomorrow at noon for the south, spending this afternoon by driving about Edmonton and vicinity and tomorrow morning about Strathcona.

The directors and officers of the new company at present visiting the Northwest and the Pacific coast are: Charles M. Hays, Frank W. Morse, Wm. Wainwright, W. H. Biggar, H. A. Allan, Hon. S. N. Parent, Hon. Geo. A. Cox, E. R. Wood, directors, and Henry Phillips, Secretary; Mr. Joseph Hobson, Chief Engineer of the Grand Trunk company; Mr. J. R. Stephens, Assistant Chief Engineer, in charge of Grand Trunk Pacific surveys; Mr. J. H. Bacon, Harbor Engineer, Mr. H. A. Woods, Engineer in charge, Grand Trunk Western Railway; Mr. D. H. Hays, brother of Mr. Chas. M. Hays; Mr. C. C. Chipman, commissioner Hudson's Bay company; Mr. F. N. Hoffstad, president of the Pressed Steel Car company, New York; Mr. L. A. Cannon, Barrister, Quebec, and Mr. E. G. Russell, Buffalo, N.Y., and Mr. G. A. McNicholl, secretary to Mr. Morse.

The present trip will occupy a month or six weeks and is being made for the purpose of familiarizing the directors and officers with the country and giving them a more general knowledge of the scope and magnitude of the enterprise.

The board of directors of the Grand Trunk Railway company, which is largely connected with the Grand Trunk Pacific Railway company, are: Sir C. Rivers Wilson, C.C.M.G., C.B., London, England. Right Honorable Lord Welby, G.C.B., London, England. Alfred W. Smithers, Esq., London, England. John Alan Clutton-Breck, Esq., London, England. Col. Fred. Firebrace, London, England.

Chas. M. Hays, Esq., Montreal. Frank W. Morse, Esq., Montreal. Wm. Wainwright, Esq., Montreal. W. H. Biggar, Esq., K.C., Montreal. Hugh A. Allan, Esq., Montreal. E. B. Greenshields, Esq., Montreal. Hon. S. N. Parent, Montreal. Hon. George A. Cox, Toronto. E. R. Wood, Esq., Toronto. John Bell, Esq., K.C., Belleville, Ontario.

John R. Booth, Esq., Ottawa, Ont. The first five and the last two of the directors in this list are not with the party at present touring the west.

The members of the board of directors resident in London, Eng., are also directors of the Grand Trunk Railway Company of Canada, Sir C. Rivers Wilson being president of the latter company, as well as a director.

Mr. Hugh A. Allan is the senior member of the shipping firm of Messrs. H. and A. Allan, owners and managers of the Allan line of steamships, and is also a director in the Merchants Bank of Canada, the Canada Paper Company and the Canadian Rubber company.

Mr. E. B. Greenshields is the president of the Greenshields Drygoods company, of Montreal, and a director in the Bank of Montreal.

Hon. S. N. Parent, is premier of the province of Quebec, mayor of the City of Quebec, president of the Quebec Bridge company, and member of the firm of Messrs. Fitzpatrick, Parent, Tachereau and Cannon, Barristers.

Senator Cox is the president of the Canadian Bank of Commerce, president of the Central Canada Loan and Savings company, president of the Western Assurance company, the British America Assurance company, the Canada Life Assurance company and the Crow's Nest Pass Coal company, and a director of the National Trust company, the Canada General Electric company, the Dominion Iron and Steel company, and the Toronto Railway Company.

Mr. E. R. Wood, is managing director of the Central Canada Loan and Savings company, and a director in the Canadian Bank of Commerce.

Mr. John Bell, K.C., is chief counsel of the Grand Trunk Railway company of Canada.

Mr. W. H. Biggar, K.C., is assistant Chief Counsel of the Grand Trunk Railway company of Canada.

Mr. John R. Booth is the owner of the Canada Atlantic Railway, and the principal owner of the largest lumbering interests in the Dominion.

The officers of the Grand Trunk Pacific Railway company are: Charles M. Hays, Esq., President. Frank W. Morse, Esq., Vice-President.

Wm. Wainwright, Esq., Second Vice-President. Henry Phillips, Esq., Secretary. Frank Scott, Esq., Treasurer. H. W. Walker, Esq., General Auditor.

Mr. Hays is also the second vice-president and general manager of the Grand Trunk Railway company of Canada. Mr. Morse is the third vice-president, and Mr. Wainwright general assistant and comptroller of the same company, and Mr. Phillips has been private secretary to Mr. Hays. Messrs. Scott and Walker, treasurer and general auditor of the Grand Trunk Pacific company, occupy similar positions with the Grand Trunk company.

The executive committee is composed of Messrs. Chas. M. Hays, Hon. Geo. A. Cox, Frank W. Morse and Wm. Wainwright.

WOOLLEN MILLS

CLOSE DOWN

Operation is Unsuccessful. Overstocking Causes Losses

Bulletin Special Despatch. Montreal, August 24.—The Montreal Woolen Mills, which have been in continuous operation for fourteen years, have been shut down. Those at the head of the concern state that this is the first year that operations have not been profitable. Over stocking has injured trade.

LOTS OF GOLD LEFT

VALUABLE FINDS

On Eldorado Creek. Two Men Rake in Twenty Thousand in Thirty Hours

Bulletin Special Despatch. Victoria, August 24.—That there is wealth in the Klondike yet is attested by some phenomenal reports at No. 10 Eldorado Creek on August 8th, when Jerry Madison and Peter Brown shovelled in \$20,000 in less than thirty hours.

on the Mississippi in the early days. In this instance the difficulty was overcome by the government taking hold of the work and having such shallow places cleared of loose boulders. A bridge was put around the stones and they were pulled out by teams. In this way the worst places in the river were cleared of stones and boulders at a small expense.

A SPLENDID COUNTRY

IS THE PEACE RIVER

So Says W. C. King, who has spent Three Months examining it for the Canadian Northern.

W. C. King, who left Edmonton last May to visit the Peace River country, for the C.N.R. company, and report on its agricultural possibilities, returned to the city this morning with his party. Mr. King reports most enthusiastically in favor of the Peace River country as most suitable for carrying on mixed farming. There are vast tracts of splendid country waiting for cultivation to yield bumper crops. A railroad is all that is needed, and it is wanted badly and at once. Climatic conditions have been favorable this year and the crops are in good shape. The country is full of splendid semi-arid site soil. Ripe tomatoes were picked on the ninth day of this month at Lesser Slave Lake. He has magnificent samples of grains and minerals, as well as photographs of interesting features of the trip.

Mr. King's reports give a flat contradiction to Macoun's report on this country.

The C. N. R.

Is Rushing for Edmonton

CONTRACTOR McARTHUR HERE

Grading Will be Completed Nearly to Birch Lake this Fall and Rails Laid that Far During Winter.

J. D. McArthur, contractor for the grading and bridge-building on the Canadian Northern line from Grand View to Edmonton, arrived this morning about two o'clock from the end of the grade. He was accompanied by Alex. Calder, employment agent, and wants to hire both men and teams.

Contractors McCane and Bradley and Carson are at work this side of Lloydminster, and within a week 400 teams more will be at work further west. The line is covered between Battleford and Lloydminster. From Grand View to the south branch the grade is completed and trucks is being laid at the rate of three miles a day. The end of the rail is now within 75 miles of Clark's Crossing of the south branch. Between the south and north branches the grade is also practically completed, and as well that between the Elham Crossing of the north branch and Battleford. The only delay is at the Battleford Crossing, where the work is turning out heavier than was expected. Rock and shale is being encountered, and several large outcrops

are being held there in order to get the work rushed through. It will be finished in less than six weeks.

The piers of the south branch bridge are completed, and the false work is in place, ready for the erection of the steel work as soon as the rails reach there. Piles are being driven for the false work of the bridge across the north branch. The rails will be laid on the false work and the piles put in, and the steel superstructure erected during the winter. The same will be done in the case of the Battleford bridge, the timber for the piles and false work of which is now being rafted down the river.

The rails will be laid as long as the weather permits, and the work may be continued all winter, or until the end of the grade is reached, wherever that they be.

Mr. McArthur is confident that the grade will be completed nearly to Birch Lake this fall, and some grading work will probably be done far west as Vegreville.

Mr. McArthur leaves for the work in the east by C.P.R. to-morrow.

SEVERAL FAMILIES

IN EDMONTON

On Their Way to Boyne Lake Settlement. General Store and Post Office to be Opened up

Jacob Chapell, of Boyne lake, is in Edmonton today on his way back from a trip to various North Dakota points, where he had gone to look up settlers for Boyne Lake settlement. As a result three or four families, besides his own family from Manitoba, are now in Edmonton making preparations to take the river route to Vic-

toria, and thence overland to the settlement at Boyne lake. One of the party, Mr. Chas. Greenstreet, is taking down with him two thousand dollars worth of dry-goods, provisions, boots and shoes, and will open up a general store at the settlement.

The trip to Boyne Lake is made in scows one hundred miles down the river to Victoria, and thence inland twenty-five miles. The settlement is north of Saddle lake. A post office is being opened at the settlement. An appropriation of about \$700 has been received to be expended on the Whitefish lake trail. This is the road used by the Boyne lake settlers.

Mr. Chapell states that in the shallower portions of the river are found large boulders which in low water often interfere with the scows being taken down the river. He says that the same difficulty was experienced

BREWERY WATER RATE

DISCUSSED AT LENGTH

Brackman-Ker will Build Temporary Warehouse. Contract for Police Rain Coats.

The regular meeting of the Edmonton city council was held in the usual place yesterday evening. Those present were, Mayor Short, and Councillors Fraser, Cushing, Ross, Grierson and Picard. The minutes of the last meeting were read and adopted.

Donald Ross on behalf of the Edmonton Industrial Exhibition association applied to the council to rescind their action regarding the levying of taxes and water rates on the exhibition grounds. In support of this Mr. Ross pointed out that the grounds were a public park, that moreover the exhibition was a distinctive credit to the town and as such should not be taxed.

Mr. Ross also asked the council to take immediate action granting him protection in the carrying on of a market garden business in Edmonton. The garden was a splendid advertisement for the city and unless he got protection he would be compelled to close it up. The council passed the following resolution in this connection:

"That while the council appreciates the work done by Mr. Donald Ross for Edmonton and district in the cultivation of vegetables of fine quality from year to year, and thus advertising the productiveness of the soil, we are of the opinion that we would not be justified in licensing sellers of garden produce in order to give protection to his garden or any similar garden in the town and reaffirming the resolution previously passed."

J. J. O'Donnell and others appeared regarding the impassable condition of the approach to the crossing on Eleventh street and Jasper avenue. It was suggested that this difficulty would be overcome by the complainants presenting a petition for the grading and boulevarding of Twelfth street from Victoria to Jasper avenue. This arrangement was satisfactory to the petitioners.

T. W. Lines addressed the council regarding water rates to the Edmonton brewery. The brewery uses 500 cubic feet of water per day at present. When the new malt house will have been constructed, probably 1000 cubic feet will be consumed. Mr. Lines asked for a ten cent rate. Councillor Cushing thought that a sliding scale should be computed to cover such cases as the one under discussion, where large amounts of water would be used. This was put in the form of a motion, which was carried.

Mr. Lines further stated the Brackman-Ker Milling company would construct a temporary warehouse on the property just north of W. J. Webster's residence on First street. He asked permission to build a crossing over the sidewalk leading to the warehouse from First street. This was granted, the expense to be borne by a franchise tax.

The recent contract made by the city for the purchase of raincoats for the police from Larue & Picard was rescinded by Councillor Picard, seconded by Councillor Ross. Some slight misunderstanding had arisen regarding the not stating of specifications in calling for these tenders, and Larue & Picard preferred to have the contract annulled to getting it through a misunderstanding. It was decided to again call for tenders the price of the coats not to exceed twelve dollars each.

A very long discussion took place on the suggested alterations in the plans for the new city offices. Since construction work started, the idea has developed that the building will not be large enough to meet the requirements of the city. Chief Dean objected to certain features of the plans, principally to the cell windows opening onto the street. Other objections were also registered. Contractor Gardner offered to build the offices according to the enlarged plans, making the building twelve feet wider, for an increase of \$1200 in the contract price in addition to increased cost of \$100 worth of concrete work, the partitions, and the plastering, etc., guaranteeing that the total price of the additions will not exceed \$1,500. The council finally decided to adjourn the discussion until this morning, when final arrangements for any additions would be made.

The city solicitor advised that no notice be taken of the claim for damages of O. St. Germain for alleged unlawful detention in custody by the city police.

Labor Council to take part in the Labor Day parade was accepted with thanks.

J. T. L. Ehart was granted a license for peddling coal oil throughout the municipality on the payment of an annual fee of \$15.

Garipey & Lessard's offer of a free site for a post office on Rice and McDougall streets was approved of, providing that Messrs. Garipey and Lessard will agree to the sale of the adjoining property if required for the post office.

John McKay and company wrote several letters regarding the purchase of city debentures. An option was asked for until September 26th. The Secretary-Treasurer was authorized to wire this company the option asked for at an equivalent of four and a half per cent.

It was decided to call a public meeting on the evening of September 7th in Robertson hall for the purpose of discussing the straightening of Jasper avenue, previous to the voting which takes place on September 12th.

Quite a discussion followed on whether it would be wise to place a lightning rod on the water tower. Surrounding residents claim that the tower has been attracting lightning, as evidenced by the destruction in that vicinity during recent storms. No action was taken.

Councillor Cushing reported that fifty dollars had been voted towards the sending of an exhibit to the Toronto exhibition. This report was adopted.

It was decided to notify the owners of building material piled on the main street that they must conform to the provisions of the by-law in this regard. The police were instructed to have this carried out after conferring with the solicitor.

Engineer McLean was granted several days' leave of absence to make a business trip to Calgary.

E. D. Grierson was appointed a committee to obtain the necessary conveyances to take the Grand Trunk Pacific officials from the station to the hotel and elsewhere if desired.

The following accounts were ordered to be paid:

J. St. Clair Blackett, \$970.25.
Edmonton Cartage Co., \$204.67.
Revillon Freres, \$2.
E. Manchester, \$320.
H. A. Magoon, \$100.

Inspector of Weights and Measures, \$4.50.
E. Ferry, \$15.
H. Doherty, \$4.35.
Ross Bros., \$4.90.
A. A. Morrow, \$18.
L. Corlett, \$111.
Edmonton Express Co., \$12.75.
Edmonton General Hospital, \$20.
N. B. Champagne, \$5.70.
D. W. McDonald, \$27.70.
Total amount, \$3,685.86.
The council then adjourned to meet this morning at ten o'clock.

GAZETTE NOTICES

The last issue of the Territorial Gazette contains the following:

The boundaries of the Edmonton large local improvement district have been altered by the withdrawal therefrom of the portion north and west of the Sturgeon river of township 54

Good ironing is principally a matter of good starching. Anyone can do excellent ironing with Celluloid Starch. It requires no boiling, soaks into the fabric without rubbing, the iron never sticks—the result is pliable stiffness and a beautiful finish. Celluloid Starch saves labor and time, never disappoints and keeps your white goods clean longest. Ask your grocer for

Celluloid Starch
Never Sticks. Requires no Cooking.
The Brantford Starch Works, Limited, Brantford, Canada.

and the whole of townships 51 and 53 in ranges 26, 27 and 28 west of the fourth meridian.

Canada's Cattle Trade

Geo. H. Pope, Government cattle inspector, makes the following statement:

The cattle shipment up to the end of July this year shows a substantial increase over the past years in which the conditions were the same as this year. Of course they are below those of last year, when the port benefited by the embargo placed on the ports of Boston and Portland. During the month of July the shipments totalled 17,703 cattle, 6,977 sheep, and 19 horses and the shipments from the beginning of the season to the end of July were 68,501 cattle, 11,198 sheep and 151 horses. With the exception of last year, the highest total reached in the same period was 39,112. The shipments are a little later this year than usual.

FINE JOB AND BOOK PRINTING

A SPECIALTY

Bulletin Co. Ltd.

Edmonton, Alberta

Oskotoks Times, August 18th.—Vague reports are in circulation throughout the country and particularly to the west, at the foothills of the discovery of gold. In our report last week we stated that the gold was discovered at the source of Sheep Creek. Thus enough some gold does exist there, but we were in error when we stated that Messrs. Brown, Elliott and McRae were prospecting there. It appears that the aforesaid gentlemen have a much better thing half way up the mountain. Mr. Brown is claimed has a nugget taken from his claim valued at \$15, which he displayed to several of his intimate friends recently. They are very optimistic and declare that ere they return they will be able to confirm the statement that valuable deposits of gold are to be found on this side of the mountains. In the meantime the people are anxiously awaiting developments.

Fruit is Nature's Laxative.

Fruit contains certain principles which act like a charm on the liver—and keep the whole system well and strong. But these principles in the fruit juices are too weak to have any marked effect on the internal organs. The value of

Fruit-atives

lies in the secret process by which they are made. The fruit juices are so combined that they have an entirely different effect from fresh fruit. Their action is the action of fruit greatly intensified. They have a marked effect on the liver—toning it up—making it active. "Fruit-atives" are, without doubt, the only complete cure for all Stomach, Liver and Kidney Troubles. 50c. a box. At all druggists. **FRUITATIVES, Limited, OTTAWA.**

The Canadian Northwest Homestead Regulations

Any even numbered section of Dominion Lands in Manitoba or the Northwest Territories, excepting 8 and 16, which has not been homesteaded, or reserved to provide wood lots for settlers, or for other purposes, may be homesteaded upon by any person who is the sole head of a family, or any male over 18 years of age to the extent of one quarter section, of 160 acres, more or less.

ENTRY.—Entry may be made per the district in which the land to be taken is situated, or, if the homesteader desires, he may, on application to the Minister of the Interior, Ottawa, the Commissioner of Immigration, Winnipeg, or the local agent for the district in which the land is situated, receive authority for some one to make entry for him. A fee of \$10.00 is charged for a homestead entry.

HOMESTEAD DUTIES.—A settler who has been granted an entry for a homestead is required by the provisions of the Dominion Lands Act and the amendments thereto, to perform the conditions connected therewith, under one of the following upon cultivation of the land in each year during the term of three years:

(1) At least six months' residence years.

(2) If the father (or mother, if the father is deceased) of any person who is eligible to make a homestead entry under the provisions of this Act, reside upon a farm in the vicinity of the land entered for by such person as a homestead, the requirements of the Act as to such person's residence may be satisfied by such person residing with the father or mother.

(3) If a settler has obtained a patent for his homestead, or a certificate for the issue of such patent, countersigned in the manner prescribed by this Act, and has obtained entry for a second homestead, the requirements of this Act as to residence prior to obtaining patent may be satisfied by residence upon the first homestead, if the second homestead is in the vicinity of the first homestead.

(4) If the settler has his permanent residence upon a farm in the vicinity of the land entered for by him in the vicinity of his homestead, the requirements of this Act as to residence may be satisfied by residence upon said land.

The term "vicinity" used above is meant to indicate the same township or an adjoining or cornering township.

A settler who avails himself of the provisions of Clauses 2, 3, or 4, must or substitute 20 head of stock, with cultivate 30 acres of his homestead, buildings for their accommodation, and have besides 30 acres sub-stanced.

Every homesteader who fails to comply with the requirements of the homestead law is liable to have his entry cancelled, and the land may be again thrown open for entry.

Application for patent should be made at the end of three years, before the local agent, sub-agent, or Homestead Inspector. Before making application for patent the settler must give six months' notice in writing to the Commissioner of Dominion Lands at Ottawa, of his intention to do so.

Information.—Newly arrived immigrants will receive at the Immigration Office, in Winnipeg, or at any Dominion Lands Office, in Manitoba or the Northwest Territories, information as to the lands that are open for entry, and from the officers in charge, free of expense, advice and assistance in securing land to suit them. Full information respecting the land, timber, coal and mineral laws, as well as respecting Dominion Lands in the Railway Belt in British Columbia, may be obtained upon application to the Secretary of the Department of the Interior, Ottawa, the Commissioner of Immigration, Winnipeg, Manitoba, or to any of the Dominion Lands Agents in Manitoba or the Northwest Territories.

JAMES A. SMART,

Deputy Minister of the Interior. N.B.—In addition to Free Grant Lands to which the regulations above stated refer, thousands of acres of most desirable lands are available for lease or purchase from railroad and other corporations and private firms in Western Canada.

LOCAL

The Fire Brigade will take part in the Labor Day procession.

Timber for the Battledore bridges is being received daily at Edmonton.

Rev. T. A. Rodger will occupy the pulpit of the Edmonton Presbyterian church on Sunday next, August 28th.

Messrs. R. Collett and H. Vagina of Horse Hills, cut wheat last week. Barley has also been cut, and more is ready for the reaper. Oats will be ready next week.

The Ladies of the Maccabees will hold an important meeting Friday afternoon, August 26th. Officers will be elected permanently preparatory to closing the charter on August 31st.

A splendid sample of fully matured Red Fife wheat grown on the farm of J. T. Neil, Clover Bar, has been left at the Bulletin office. The sample measures about four feet, three inches in length.

A public meeting will be held in Robertson hall on the evening of September 7th, to discuss the by-law to be submitted to the ratepayers on September 12th for the straightening of Jasper avenue.

H. Leslie, of Zanzibar, who has been visiting friends at Fort Saskatchewan, is in the city to-day. Mr. Leslie has travelled extensively and is now in the course of a trip through the Dominion. He is delighted with Edmonton and Northern Alberta.

Moose Jaw Times, August 18th:—Mr. William Watson, of Newfield, Farm, Macleod, cut ten acres of oats and barley last Friday and Saturday, the first in his settlement. Both crops will give good yields at the threshing machine.

The Brackman-Ker Milling company will erect a temporary warehouse on the property just north of W. J. Webster's on First street. This warehouse will be used until the C. N. R. station is built, when a large grain elevator will be constructed by this company.

A John Deere plow, which was brought into Edmonton twenty-five years ago by J. A. McDougall and sold to J. Beaupre, of Fort Saskatchewan, was brought into Edmonton on Monday and fitted with a new share and point by the Great West Implement company. The plow has been in almost continuous use since and does first-class work.

The Rev. Bishop Tekan of the Orthodox Greek church in America, consecrated the new Orthodox church at Hunka post office, between Andrew and Paken, on Sunday last. On the previous Sunday he consecrated the new church in Beaver Lake settlement. On Tuesday, the 22nd inst., he consecrated the church at Andrew, and on Sunday next he will consecrate the church at Shandro, on the south side of the Saskatchewan, about ten miles north-east of Whitford.

PERSONAL

W. Crow, of Lacombe, is in Edmonton to-day.

Omur St. Germain left this morning for Montreal.

Mr. E. O'Brien is in Edmonton today from Wetaskiwin.

C. F. Constantine left Edmonton this morning for the east.

Mr. and Mrs. Jas. McVay and child returned to the city last night.

L. H. Dougherty and R. C. Bauer, of Wetaskiwin, arrived in the city last night.

H. Laurier, collector of the Inland Revenue, Calgary, is in the city to-day.

R. C. Rushon and J. C. Sullivan arrived in the city from Wetaskiwin last night.

City Engineer McLean leaves tomorrow morning on a several days' business trip to Calgary.

D. McArthur, who as the contract for the Canadian Northern grading east to Edmonton, arrived in the city late last night from a drive overland from Battleford. He was accompanied by Mr. Alex. Calder.

Flourie Gallinger returned last night from a month's holiday in Eastern Ontario. Although he spent a very pleasant time in Ontario, he is glad to get back to Northern Alberta. He leaves tomorrow for Lacombe for a few days' shooting before commencing work at his new position with Revillon Bros.

NO BASEBALL

The baseball match, Edmonton v. Strathcona, which was billed to take place this evening has been postponed. Several of the Strathcona team are unable to play owing to the coming match with Leduc this evening.

IN WESTERN ONTARIO

Exhibits Sent to the Toronto and London Exhibitions from Edmonton Under Charge of J. L. Porte

Jas. L. Porte left for Ontario Tuesday morning in charge of the display of the products of Edmonton and district for the Toronto and London Industrial exhibitions.

The display consists of:

A quantity of grassed and other tritic.

Three blocks of coal.

A sample of mail.

Two samples of iron.

A quantity of blankets, tweeds and yarns of Edmonton manufacture.

Views of the town and country, and of the recent Edmonton exhibition.

Curriants—red, black and white—on the vines.

Raspberries and honey.

Corn and hops, and a pumpkin vine to show the length.

Nine kinds of grasses.

Every kind of grain and vegetable grown in the district.

The C.P.R. granted a free transportation for the exhibit and for Mr. Porte who went in charge.

The city council and the Board of Trade are jointly bearing the expense of this admirable way of advertising the resources of Edmonton and district.

Brandon Crops

Sun, August 20th: On Friday several parties of prominent men drove out over the country surrounding Brandon and most of those who inspected the crop do not hesitate to declare that there is no more indication of rust than in other parts.

One party was composed of Supt. Bedford, of the Experimental Farm; Messrs. Wm. Alexander and James Henderson of the Alexander Milling Co.; John Inglis, president of the Board of Trade; Manager Chelton of the Bank of B. N. A.; and Mr. G. W. Harsden, a prominent north Brandon farmer.

The members of the party make a joint statement as follows: 'Although there is slight indication of rust in some of the late and main samples, none of the crops seem to be injured to a greater extent than in former years. A large percentage of the crop is already of a bright clear color, and should ripen in a week or ten days, depending on the weather.'
